

Corporation Pop

21-23 Shudehill

Manchester

M4 2AF

Full Stack Javascript Developer. Salary depending on experience.

Corporation Pop is an award-winning digital innovation agency. We deliver strategic, thoughtful and innovative design and technology solutions that respond to user needs. We are well known for our work in immersive technologies and earlier this year we were listed by Clutch, the international and impartial review site, as one of the top 15 mobile app development companies in the UK. In everything we do we aim for innovation and originality. In everything we deliver we promise reliability and effectiveness. We value creativity and encourage experimentation.

It is for these reasons that companies like Future PLC, Channel 4, the BBC, Cyber Security Challenge, the NHS and Live Nation choose to work with us to deliver exciting and often ground-breaking projects across a range of media and devices.

The role:

We are now looking for an experienced developer to join our rapidly growing team. We are particularly interested in meeting developers who have experience developing RESTful services working with NodeJS. Experience in React Native would be a definite asset as would experience with frontend frameworks such as Angular.

The ideal candidate will have graduated from a computer science degree or similar and will have at least 2 years commercial experience.

It is essential that you can tick all of the following:

- Experience in full stack development (preferably NodeJS and React/Angular)
- App development experience (preferably React Native)
- Understanding of design and implementation of RESTful services
- Working with unit tests (Mocha/Jasmine)

It would be great if you can tick one or more of the following:

- A working knowledge of application security, authentication and related cryptography
- Working experience with continuous integration and delivery
- Are familiar with Agile Methodologies (eg DSDM Atern, SCRUM)
- Have experience of version control systems such as Mercurial, Git or SVN
- Familiar with AWS environments (S3, EC2, Lambda etc)

In return we will provide:

- A great working environment in Manchester's Northern Quarter
- A friendly, supportive and highly experienced team
- Ride-to-work, profit-share and referral bonus schemes
- 25 days holiday a year in addition to bank holidays
- Flexi-time

Please send CV and covering letter explaining why you're right for this job to jobs@corporationpop.co.uk. Please also state your salary expectations. We are keen to appoint to this position as soon as possible and will close applications as soon as we see a CV that excites us.
